### NOW FEELS LIKE A FIGHTING COCK

Among the hundreds of statements being made in connection with the remarkable new tonic, "Plant Juice," now being introduced in Rock Island none are more interesting than the one given by John Hoover, for the last seven years trouble chaser for the Lisbon Telephone company of Lisbon, Iowa. Mr. Hoover says: "Lisbon, Iowa, June 16, 1912:—I have suffered with stomach trouble six or eight years. Could not eat or sleep, and had pain across the small of my back. I had tried almost everything I heard of and could not get relief. I got a bottle of your 'Plant Juice' a week or 10 days ago and was relieved at once. I can eat anything, climb poles and do my work with ease and feel like a fighting cock, thanks to your 'Plant Juice.' I can recommend it to any one suffering with back or stomach trouble."

**JOHN HOOVER.**  
"Trouble chaser for Lisbon Telephone company, Lisbon, Iowa."  
"This is only one of the numerous stories we are hearing daily regarding this marvelous vegetable tonic," commented the demonstrator at the New Harper House pharmacy. "Nervous debility and stomach trouble are the curses of our cities. They are wrecking more lives, causing more misery, business reverses and unhappiness than any other one condition."

"You find people everywhere who are half sick, dyspeptic, nervous, who are depressed in spirits, lacking in vitality, dull, morbid, timid; they have pains in the back and hips, headaches, cold feet, dizzy spells, spots before the eyes, discolored skins, blotches, pimples, poor circulation; their food does not assimilate and there is derangement of liver, kidneys and blood as well as of stomach. These conditions are the result of modern methods of living. Many people seek relief by going close to nature, but the big majority cannot do this."

"Plant Juice" is a vegetable tonic extracted from the roots, leaves, bark, fiber and bloom of numerous plants. It is nature's own remedy and works wonders. It gives almost immediate relief and it leads to speedy cure in practically every case where people suffer as I have outlined.

"We want Rock Island people to see our daily demonstration from 9 in the morning to 8 in the evening at the New Harper House pharmacy, now located at the northwest corner of Second avenue and Nineteenth street."

The demonstrator speaks both English and German.

### CROWDED TO THE DOORS

At the Public Sale of the Priester-Hickey shoe stock.

Saturday was the opening day of the public sale of the Priester-Hickey shoe stock. All day long the store was crowded with enthusiastic shoppers, many of them carried away with them some of the fruits the sale offered them; others who could not be waited upon but said they would be back Monday as it was the greatest shoe sale they had ever attended because it offered footwear for the whole family at such low prices.

The above firm wishes to apologize to the people who could not be waited upon Saturday, but will say for the benefit of those and others that the bargains are still plentiful and advise early buying as the sizes may not last.

### Rheumatism Relieved in a Few Hours.

N. B. Langley, Madison, Wis., says: "I was almost helpless with rheumatism for about five months. Had it in my neck so I could not turn my head, and all through my body. I tried three doctors and many remedies without any relief whatever until I procured Dr. Detchon's Relief for Rheumatism. In a few hours the pain was relieved and in three days the rheumatism was completely cured and I was at work." Sold by Otto Grotjan, 1501 Second avenue, Rock Island; Gust Schlegel & Son, 220 West Second street, Daveport.

## REFUSE TO MAKE CHANGE IN PAVING

Twentieth Street Improvement  
to Go Ahead as Called for  
by Present Plans.

### ROAD'S REQUEST TOO LATE

Brick Would Have Been Used in the  
Block Had Demand Come at an  
Earlier Date, Says Mayor.

"Because it would spoil the continuity of paving improvements and because it would delay the improvement of Twentieth street for two months at least, the petition of the Burlington road asking that the board of local improvements change its paving project for Twentieth street in the block between Second and Third avenues, will not be granted," was the statement of Mayor H. M. Schriver this morning, following a consideration of the plan by the board. City Engineer Wallace Treichler has just returned from Pennsylvania and at once after his arrival here, began the construction of the ordinance so that it might be submitted to the council at its meeting this afternoon.

### REQUEST COMES TOO LATE.

It was the statement of the mayor that had the Burlington road or any one else come before the board at the proper time to secure the paving of the street with brick, there would have been no hesitancy on the part of the board to grant the request. But coming as it did, after the matter had been given considerable publicity in addition to the private notices to property owners, and after changes had already been made in the first choice of the owners, the board came to the conclusion that it would not be to the benefit of the street in general to grant any further changes, thereby necessitating further delay. As the proposition now stands, the street will be paved with brick from First to Second avenues, and with asphalt from Second south to Seventh. This will assure a continuous strip of paving with asphalt from Fourteenth street and Second avenue to Twentieth street and Seventh avenue.

The board adopted a resolution recommending the laying of a sewer on Fourth street between Sixth and Seventh avenues, following the public hearing on the matter.

### Cured by a Native Herb.

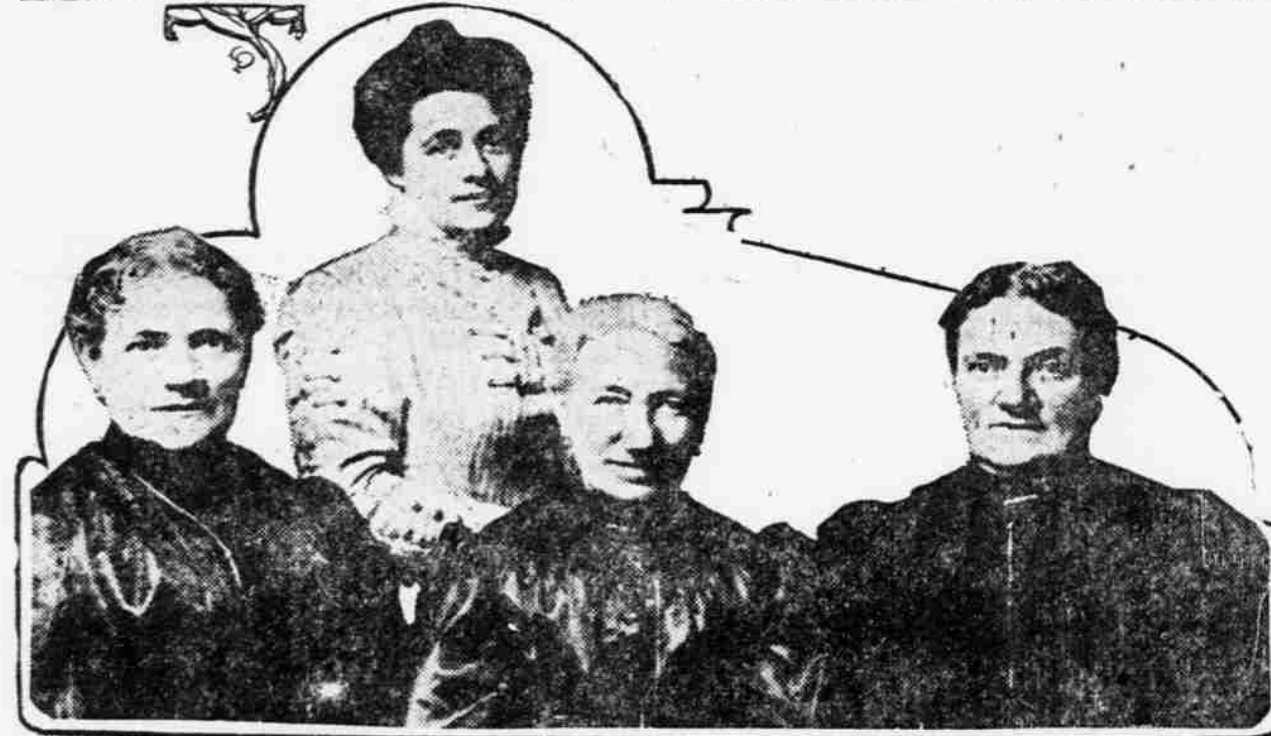

On board a vessel bound for India recently a man was bitten by a poisonous reptile; both the ship doctor and a famous surgeon failed to control the poison, fast spreading through his system.

In a day the vessel reached port. An Indian medicine man was sent for, who produced a native herb which quickly allayed the poison and the man's life was saved.

Roots and herbs are nature's cure for disease. That great remedy for female ills, Lydia E. Pinkham's Vegetable Compound had its origin in the roots and herbs of the field, some of which are now consumed yearly in making it.

Hage Tailoring Company Had Banner Day Saturday at Special Offer Sale.

Commencing last Saturday and continuing all this week the Hage Tailoring company, opposite the Harper house will give away absolutely free any \$5 pair of pants that you may select with every \$15 suit order. T. H. Hage, proprietor of the Hage Tailoring company, stated this morning that on account of the cold, backward season, the woolen mills are overloaded with wools and must sell them regardless of cost. Mr. Hage has taken advantage of this and bought several hundred patterns at less than actual cost of manufacturing. These patterns include the latest spring and summer styles. We are going to keep our motto good, stated Mr. Hage. "A large business on a small profit."

If you are ready to step into a new suit, Mr. Hage believes that he has "your kind of clothes" and wants you to see 'em. The majority of "lookers" come back to buy. If you are not ready to buy come in and make your selection and he will save the goods until you are ready to have it made up.

This special offer sale will last until all the suit patterns are sold. Don't wait.
